Foreign Suppliers of Pulses

As we know that India is the largest producer of pulses in the world, but it also a net importer of pulses. To meet its consumption, the country has to buy pulses from other countries around the world. As per Export Genius market research report on [pulses import in India 2017](#) , the country purchased pulsed worth USD 2696 million in this year.

Here are list of countries from which India import pulses. Figures are of 2017 year.

1. Australia: 91%

Last time we had a pulse price hike due to short supply Modi did his shopping from Africa.

Ok which country in Africa?

We have an agreement with Mozambique to supply pulses. As well as Myanmar. And Myanmar is unhappy that we didn't buy the amount we ordered in 2016. We also import from Ethiopia.
